

Why Canadian Broker Network?

For Clients of CBN Members

In dealing with a CBN member, you can take comfort in the knowledge that one of Canada's leading insurance brokerages is managing your insurance needs. A CBN member is on the forefront of industry transformation and innovation and can access significantly more insurance expertise and service any type of regional, national or international account.

For Insurance Carriers

Insurance company partners are critical to the success of CBN and we take great pride in the long-term and trusting relationships that have been established. In working with CBN members and their employees, insurance carriers are working with professionally run brokerages that are committed to mutual success, that are open to new and innovative ideas and that are prepared to invest for the long term.

For CBN Members and Partners

While maintaining independence, members believe they can accomplish more by working together as a unified group of professional firms. Through our professionally run service company, CBSL Limited, members have access to preferred insurer relationships, technology initiatives, group purchasing arrangements, investment opportunities, innovative programs and products and improved productivity through best practice sharing and training and development programs.

**Canada's leading independent
insurance broker network.**

**Canadian Broker Network:
Strength Through Collaboration**

What is the CBN?

The Canadian Broker Network (CBN) is Canada's leading network of independent insurance brokers. Together, CBN members represent more than \$1 billion in property casualty premiums as well employee benefits, life and financial services with over 50 offices across Canada and more than 1,500 employees.

Maturing out of a forum in 2005 originally designed to exchange best practices, today CBN provides a unique alternative for members to grow their business while bringing a cooperative, non-competitive national reach to the regional focus of the members.

CBN's guiding principles of

innovation, collaboration, commitment to growth and independence

ensures that members can deliver the best possible value proposition to their clients, employees and insurer partners.
