

New partnership in Alberta!

I'm proud to announce the new partnership between Alberta insurance firm A-Kan Insurance and the Synex and Canadian Broker Network consortium. Edmonton-based A-Kan Insurance provides a full range of personal and business insurance products and services.

"As a company well established in our community and known for our superior services, we're excited to join the Synex & CBN group," said Kanwar Bola, President A-Kan Insurance Ltd. "This is a great move for our brokerage that will ensure our long term success and sustainability. We'll now be able to provide our clients with even better access to a more diverse lineup of products and services."

On behalf of myself and my partners at the Canadian Broker Network, I'd like to welcome all A-Kan Insurance team members to our consortium.

**GREAT
SUCCESS
TO A-KAN
INSURANCE!**

About the Canadian Broker Network

The Canadian Broker Network is a consortium of leading independent insurance brokerages that provides a unique alternative for members to grow and innovate their business.

About Synex

Synex owns and manages a group of partner firms active in the financial services and property and casualty insurance sectors across Canada. Its business objective is to create value for its clients, employees, and shareholders through the strategic acquisition of mutually beneficial and complementary companies.
